Shawn Colvin
"Nothing On Me"

Well I don't tell jokes
And I don't take notes
You been sayin
there ain't much hope
You got nothin' on me

I got friends uptown
And they don't talk down
They be keepin me safe and sound
We got somethin' to be

So in case you hadn't noticed
I'm alright
Not like it was before
Things used to be so hopeless
But not tonight
Tonight I'm walkin out that door

I'm not gonna cry
When wavin' goodbye
And I know this time
You got nothin on me

Well it ain't that tough
Just more of the usual stuff
One heartache is more than enough
There ain't nothing to see
Nothing

I got friends uptown
And they still come 'round
They be keepin me safe and sound
We got somethin' to be

So don't you try to save me
With your advice
Or turn me into something else
Cuz I'm not crazy
And you're not nice

Baby if you do

keep it to yourself

I'm not gonna cry
And I'm wavin goodbye
And I know this time
You got nothin on me.

(No nothin' on me)

(Repeat chorus X2)
