Here we go again
Another round of blues
Several miles ago
I set down my angel shoes

On a lost highway
For a better view
Now in my mind's eye
All roads lead to you

So wherever you go
Better take care of me, this time
If you're gonna go
Remember me and all, this time

We had our bitter cheer
And sweet sorrow
We lost a lot today
We get it back tomorrow

I hear the sound of wheels
I know the rainbow's end
I see lights in a fat city
I feel love again

So wherever you go
Better take care of me, this time
If you're gonna go
Remember me and all, this time

All this time
I've been makin' deals
Shades of black and white
On a Hollywood reel

All this time
I've been missing
Something so real
So real

All this time
I been a face in the crowd

Now I'm living in color
And laughing out loud

All these names
For just foolin' around
It's a new breakthrough
It's an old break down

We smoked a lot of hope
Did our cryin' too
We're finally waking up
To what real love can do

Down a lost highway
Under the twilight moon
A chorus in your eyes
Another round of blues

So wherever you go
You better take care of me, this time
If you're gonna go
Remember me and all

Wherever you go
You better take care of me, this time
If you're gonna go
Remember me and all, this time

We had all, this time
We had all, this time
