I've been away long enough to see
What we had was worth so much to me
And I hope we can turn back the hands of time
It's not too late if only we could try (we've only got to
try)

This time I know love's a crazy game
This time I know the rules will never change
This time I know a winning hand you never thrown away

I was lost in a dream but now I finally see
What I was looking for was there in front of me
Now I hope we can turn back the hands of time
Something better I know I'll never find
I know I'll never find

This time I know love's a crazy game
This time I know there's got to be some pain
This time I know I
I didn't know what we had until it was gone
This time I know

This time I know love's a crazy game
This time I know the rules will never change
This time I know a winning hand you never thrown away
This time I know
