CHORUS----

YOU only you are  
my star  
My love  
the one i'm thinkin' of  
i forgot how wonderful you are  
You are my angel from above  
Don't forget how much i love you

I've know you for too long  
not to know,  
How much that ain't you  
And you knew all along  
you know  
That you pretend so much with them, it's true  
You have the most explosive personality  
You really should trust me  
i know, ansd i can see  
that they want more so they ain't worth you, darlin'

(CHORUS)

They Play with your heart  
and your feelings  
They tear you apart  
so many cruel things  
so listen, babe

(CHORUS)
