take a minute please
realize how important this should really be
keep mind and eyes opened to reality
yeah
poverty behind the scenes
imagine your some daughter going hungry
and as a mother father you cant do a thing
working all your life and still have nothing
are you listening

hey
who do you think your foolin
are you listenin
who do you think your foolin

another minute please
realize how important what i say should be
keep mind and eyes opened to reality
ohh yeah
people die in ___ disease
imagine livin life without a family
waiting for your day and know it's comin
theres nothin you can do no use in runnin
are you listening?

sing it with me now hey
who do you think your foolin
are you listenin
who do you think your foolin
ooh

how can we leave our brothers sisters die
is there honestly a good reason why
our child should be working 9 to 5
instead being a child
lord i
wanna take this time and thank you for my life
wanna say a prayer for all those who died
and one more for those who survived

can anybody hear me hey
who do you think your foolin

and are you listenin to me
who do you think your foolin
i said hey
who do you think your foolin
i hope your listenin
who do you think your foolin, foolin
yeah yeah yeah
