(Verse)

All my life I was strong like metal
Took my pride to a whole nother level
I wouldn't let nothing in past the armor
I just didn't wanna, wanna wanna
Girl would come in and out of my life
Every time it was just another goodbye
Made me think that it wasn't worth the struggle
Wasn't worth the trouble

But then you found my heart
And I fell into your arms

(Chorus)

Thought I was bulletproof
Til you came and shot me down
Somehow you made it through
And girl I don't feel right now
So bulletproof

(Verse)

Your touch, it's some kind of weapon
Got me good and it only took a second
Now I know I was just another victim
But baby I miss ya

And even though you're gone
The damage has been done

(Chorus)

Thought I was bulletproof
Til you came and shot me down
Somehow you made it through
And girl I don't feel right now
So bulletproof

(Verse)

Never thought I would end up wounded
But that's what I get when it comes down to it

(Chorus)

Thought I was bulletproof
Til you came and shot me down (you came and shot
me down)
Somehow you made it through
And girl I don't feel right now
(I don't feel right now)
So bulletproof

(All my life I was strong like metal
Took my pride to a whole nother level)

(Chorus)
Thought I was bulletproof
Til you came and shot me down
Somehow you made it through
(Your touch, it's some kind of weapon
Got me good and it only took a second)
And girl I don't feel right now oh oh
