There's nowhere to go
I know where you are
so don't try to run
cause you know the truth will come out in the dark
i give you my love ,my heart and my soul
i dont know what you're thinking of
but I'm gonna take control

you just cant come in another life
that ain't good for me
is it good for you?
you're running out of time

so,give me a reason to stay here
I'm losing myself in you
you got me caught up in the moment
when nothing was really true

so give me a reason to stay here
I just cant find the way
cause everywhere that i turn
i drown in extremes of grey

i think that its time
and you're not the one
im tryin to get back peace of mind
when none has been said and done

like a miracle round
where does it end
too much of this
up and down
and i just cannot pretend

you just cant come in another life
that ain't good for me
is it good for you
you're running out of time

so,give me a reason to stay here
I'm losing myself in you
you got me caught up in the moment

when nothing was really true

so give me a reason to stay here
I just cant find the way
cause everywhere that i turn
i drown in extremes of grey

give me a reason to stay here
I'm losing myself in you
you got me caught up in the moment
when nothing was really true

so give me a reason to stay here
I just cant find the way
cause everywhere that i turn
i drown in extremes of grey
