Waken all day  
Been up all night  
Just trying to find the words  
What shall I say?  
What shall I do?  
That's the point of no return  
I can't breathe  
I can't think  
I can't sleep  
I'm going crazy  
One kiss was all that it took (Oh)

It was innocent, an accident  
Now it's all I'm living for  
How can we be friends  
It just don't make sense  
You're just too damn beautiful  
You make it impossible  
You make it impossible not to fall

Can it be wrong cause it feels right  
Girl you left me wanting more  
I'm a wreck, I'm all torn up  
And I'm standing at your door  
I can't breathe  
I can't think  
Can't sleep  
I'm going crazy  
One kiss was all that it took (Oh)

It was innocent, an accident  
Now it's all I'm living for  
How can we be friends  
It just don't make sense  
You're just too damn beautiful  
You make it impossible  
You make it impossible not to fall  
You make it impossible  
You make it impossible not to fall

So tell me you felt it  
Tell me I'm not alone (Oh no, tell me I'm not alone)

Cause I can't go back (Oh no)  
And I can't let go  
Babe I can't let go  
It's so impossible

It was innocent, an accident (oh oh)  
Now it's all I'm living for (It's all I'm living for)  
How can we be friends  
It just don't make sense  
You're just too damn beautiful (Girl you're so beautiful)  
You make it impossible  
You make it impossible not to fall  
You make it impossible  
You make it impossible not to fall  
You make it
