I catch myself  
Staring at your face  
When you're not awake  
I just can't help it  
No, no  
Just having you here  
Lying next to me  
It's the little things  
That cause a storm  
Inside of me

And every time you're close I  
Shiver, shiver, shiver  
Every time we kiss I  
Shiver, shiver, shiver  
I gotta catch my breath (breath)  
So caught up that I forget (forget)  
Every time you're close I  
Shiver, shiver, shiver

Your hand in my hand  
Skin upon my skin  
Over and again  
I can't get enough  
No, no, no  
The way you give yourself to me  
I just can't believe  
Sending chills all up and down my spine  
I want you to know  
I want you to know

That every time you're close I  
Shiver, shiver, shiver  
Every time we kiss I  
Shiver, shiver, shiver  
I gotta catch my breath (breath)  
So caught up that I forget (forget)  
Every time you're close I  
Shiver, shiver, shiver

I wanna rush  
Into your touch

It just feels so right  
I wanna rush  
Into your touch  
It's like seeing the sun  
For the very first time  
It gets me every time

It makes me  
Shiver, shiver, shiver  
Every time we kiss I  
Shiver, shiver, shiver  
I gotta catch my breath (breath)  
So caught up that I forget (forget)  
That every time you're close I  
Shiver, shiver, shiver

I catch myself staring at your face  
When you're not awake  
I just can't help it  
No, no
