I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

Baby, yeah I know that I drive you crazy
I'm lookin so good bet you wanna date me
And take a ride in my new mercedes (mercedes)

Baby, yeah I know that you like my body
Or maybe it's some of my money
It's got you acting kinda funny (funny)

(Cause I know)
I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin these sexy heels
So good is how I feel
Yeah, I'm single for real

Baby, no I ain't got time for blinking
And it don't matter what your thinking
And no you ain't getting by sharing (sharing)

Baby, when you see all the camera's flashing
You think you know but you can't imagine
What it takes to make this happen (happen)

(Cause I know)
I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin these sexy heels
So good is how I feel
Yeah, I'm single for real

All eyes on me but I gots what you see boy
I gott all eyes on me, they liking what they see

The places I go people stare 'cause they know boy
Everywhere I go they stare, is it 'cause the clothes I
wear ?

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin these sexy heels
So good is how I feel
Yeah, I'm single for real

I make them boys bow down
Whenever I come around
Can't help but cause a crowd
Because I'm single now

I got that sex appeal
Rockin these sexy heels
So good is how I feel
Yeah, I'm single for real
