Can't stop the pain that im feelin'
You left a wound that won't heal, no i.. can't lie
You were the one that i trusted,
last one i ever thought would cut me like.. a knife
And how can you tell me you love me..
when you don't even know what love is
And can't you see your killin me.. oh

Sticks and stones could never hurt me like
you did you know
You ripped a heart out of my chest, so wrong..
I ran and fell into a kiss, harder then a wall of bricks
Sticks and stones,
could never hurt me like you did
Sticks and stones,
could never leave a scar like this

Think of all the days i wasted, think of all the days
i waited.. up by the phone
You use to cry on my shoulder, now the only tears
that are fallin are my own
And how can you tell me you love me..
when you don't even know what love is
And can't you see your killin me.. oh

Sticks and stones could never hurt me like
you did you know
You ripped a heart out of my chest, so wrong..
I ran and fell into a kiss, harder then a wall of bricks
Sticks and stones,
could never hurt me like you did
Sticks and stones,
could never leave a scar like this

Sticks and stones, baby
Sticks and stones, baby
Sticks and stones, baby
And how can you tell me.. you love me..
when you don't even know, you don't even know

Sticks and stones could never hurt me like

you did you know
You ripped a heart out of my chest, so wrong..
Il ran and fell into a kiss, harder then a wall of bricks
Sticks and stones,
could never hurt me like you did
Sticks and stones,
could never leave a scar like this
Could never break me down this way
Sticks and stone
Goodbye was all you had to say
