Sitting here on the plane tonight
Being away just don't feel right
And with a new addition makes it more difficult
Living this life
I wanna be close I do, every step sharing with you
The thought of losing now is killing me
Tell me how I'm gonna get through

Chorus:

I know this ain't easy at all
But if you think missing me is hard

You should try missin' you, missin' you
Missin' you, missin' you x 2

I know you're thinking that I'm not alone
But all this people just come and go
And at the end of that day
No hotel could compare to our home, no
I can remember when your picture was all
I had with me
But thank God for iCheck is now
We get to see real thing, yeah
[This Ain' t Easy Lyrics On]
Chorus

Baby x 3

Bridge:

Baby I miss you like the dessert misses the rain
Being away from you driving me insane
I can't stand it, can't take it, no

Yeah I miss you like the night misses the sun
Girl you're my all
And if you think missing me is hard

You should try missin' you, missin' you (oh I)
Missin' you, missin' you (the way taht I do)

You should try missin' you (you should try, you should
try), missin' you
Missin' you (baby missin' you), missin' you
You should try missin' you (I need you right here with
me), missin' you
Missin' you (I miss you, I miss you), missin' you
You should try missin' you (baby I, baby I), missin' you
Missin' you, missin' you (I miss you baby)

I miss you baby x3 (repeat till it fades)
