I am losing myself to find you  
I am losing myself to find you  
I am losing myself to find you  
Yea, I'm dyin', it's true

It's never been about anything more, anything less  
It's all about you  
Like I'm losin' a war that I can't win  
But I can't lose, because I'd lose you  
How many times I say that you ain't gotta worry?  
How many times I pray that one day you'll see it my way?  
And it's always about what you singin'  
The battle, the battle's livin'  
It's like you're fight in the past but it's present  
Then you hurt me, so it's winnin'  
How many times I say that your vision is clouded?  
Can I punch you through this one again?  
I can't breathe but I'm holdin' on

I am losing myself to find you  
I am losing myself to find you  
I am losing myself to find you  
Yea, I'm dyin', it's true

Scratching all the clothes off, puttin' on the headphones  
You're scared of every something new  
Yea, to me it's a good day as I get in this truck  
Now you leave the smokers on  
How many times I say that it's an insecurity?  
How many times I say that it's all you can? Let me  
So tell me what more do you want cuz I am fightin' for right now  
And I do this just to show you that I ain't 'bout to cry  
Up in my guns, myself to fight  
I'll battle, rise and slide  
And you care  
Can I punch you through this one again?  
I can't breathe but I'm holdin' on

I am losing myself to find you  
I am losing myself to find you  
I am losing myself to find you  
Yea, I'm dyin', it's true  
[7x] It's true
