When I first met you, I was shy
I could not talk I was tongue tied
You had something I couldn't resist
It doesn't get much better than this

Our first date was long ago
We did not rush we took it slow
No one guessed we'd be a hit
It doesn't get much better than this

It doesn't get much better
If you want a star I'll pull one down
If you need a lift I'll get you around
Every day I'm blessed by your kiss
It doesn't get much better than this

We don't share a perfect love
Sometimes it's smooth sometimes it's rough
We may have our differences
It doesn't get much better than this

It doesn't get much better
If you want a star I'll pull one down
If you need a lift I'll get you around
Every day I'm blessed by your kiss
It doesn't get much better than this

If you want a star I'll pull one down
If you need a lift I'll get you around
Every day I'm blessed by your kiss
It doesn't get much better than this
