You said it
I believed it
I could hold it
I could feel it
I left it
I breathed it
Wish I knew how to leave it

Only God knows why people, will say the things they do
Only God knows that I uh fool, for loving a heart that's
cruel
A fool, for loving you,

Feel worthless
Cause I gave in
You took it, without waiting
You saw me
I could not see
Love is blind like me,,,

Only God knows why people, will say the things they do
Only God knows that I uh fool, for loving a heart that's
cruel
A fool, for loving you,

I'll never do it again
I felt my last sin
Should of known better
Nothing last forever
Trust and you'll never forget,

Only God knows why people, will say the things they do
Only God knows that I uh fool, for loving a heart that's
cruel
A fool, for loving you,

A fool, for loving you,
