I'm haunted by this photograph
Don't know why
Everytime I look,I get shivers doen my spine
You're such a beautiful face
I Know those eyes
They take me back in time

She could be you
I wouldn't even know
She could be you
But that was long ago
She could be you

I wish that I could tell you
What you don't know
I dream about the day
but is impossible
In another world

I'll be yours tonight

I can't break free from this life

She could be you
I wouldn't even know
She could be you
But that was long ago
She could be you

I see it all the time
I know it's true
A picture doesn't lie

She could be you
I wouldn't even know
She Could be you
But that was long ago
She could be you

She could be you
She could be you
