As I sit here and think about all that You've done  
About how You gave me Your one and only Son  
And I'm trying to fathom all that You are, but so far,  
Lord  
You're so beyond me

And I fall down in reverence and I fall down in fear  
And I'm asking You, Lord, won't You please draw near  
Won't You open my eyes so that I can see  
The way that You are working in me

All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry  
And I need Your love to carry me by

All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry  
And I need Your love to carry me by

By, by, by, by  
To carry me by, by, by, by, by  
To carry me by

So I lay down my life and I put it before You  
All I put all that I have in Your hands  
And I'm not going to question, why You're so faithful  
Why that You give me the blessing that You do

Let the glory be known, let the glory be shown  
Lift You up unto the throne  
You are my God, You are my King  
To You I give, I give You everything

All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry  
And I need Your love to carry me by  
All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry

And I need Your love to carry me by

By, by, by, by  
To carry me by, by, by, by, by  
To carry me by

So I need Your love to carry me by  
Would You come and fill this heart of mine  
'Cause I can't do it alone  
Here I stand with my, my arms open wide  
Asking for You to come up inside

Won't You come and fill my soul?  
'Cause I need Your love, I cannot do it alone, no, no  
Won't You come and fill my soul?  
'Cause all I need, all I need, all I need is You, my God

All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry  
And I need Your love to carry me by

All I need is Your love  
To come and fill this heart of mine  
My heart is a desert that has gone dry  
And I need Your love to carry me by

By, by, by, by  
To carry me by, by, by, by, by  
To carry me by

To carry me on by
