Pain, come no more Don't you come knockin' on my door

Love, dry your tears You have lived a life way beyond your years

And faith, when you're gone
All my demons and my devils they do me wrong
And faith, you let your light shine through
Let a ray of hope surround me
Just don't think I can make it without you

Hey faith, don't let me down
Let me know when I come back she'll be around
'Cause I've been burned, a time or two
If she left me Lord, I don't know what I'd do

And faith, when you're gone
All my demons and my devils they
Do me oh so wrong
And faith, you let your light shine through
You let a ray of hope surround me
Just don't think I can make it without you

In the morning you know I wake up with the dawn
Everyday, there's a way
You know I got to carry on
To know the way and take the road of right and wrong
And keep faith in my heart
Just keep faith in your heart

Pain, come no more
Don't you come knockin' on my door
Love, please be strong
'Cause I need the peace of mind to carry on

And faith, when you're gone
All my devils, all my demons,
You know, they do me wrong
And faith, you let your light shine true
You let a ray of hope surround me
You came back home and found me
