Ahh come on with me baby  
We're gonna have a good time  
Don't you ever listen to the radio  
When the big bad beat comes on  
I know you gotta dig it  
I know you can't stop it  
Cause the bottom comes on so strong

[Chorus:]

Talkin 'bout (heavy music),  
Oh I got to have it yeah (heavy music),  
I got to love it now  
Deeper (heavy music)  
Deeper (heavy music)  
Baby don't you get a kick, from it yeah  
Dig it (heavy music)  
Dig it baby (heavy music)  
Dancin to that heavy music (music) What I sing to the  
heavy music (music)

Yeah a little bit deeper now, alright  
Don't you ever feel like goin' insane  
When the drums begin to pound  
Ain't there ever been a time in your life  
You couldn't believe what the band is puttin' down,  
about

[Chorus]

Yeah, alright, goin' in, goin in now  
Oh yeah I'm goin' in now  
Come on come on with me baby  
Come on come on with me baby  
Come on come on with me  
Goin' deeper  
Deeper deeper oh oh oh
