Verse 1:

You think you can do what you please  
But I've got something to say  
Prepare to bow down on your knees

For it's the Judgement Day

Pre-Chorus:

You think you're just an innocent soul  
Strolling down an innocent path  
But it's time for you to pay your toll  
Your foolishness makes me laugh

Chorus:

JUDGEMENT!  
Feel the wrath, feel the might  
JUDGMENT!  
Now bow down and fight!

Verse 2:

You've had a life of happiness and faith  
But your just too blind  
You think that you're protected and safe  
But you know it's time

Pre-Chorus:

You think you're just an innocent soul  
Strolling down an innocent path  
But it's time for you to py the toll  
Your foolishness makes me laugh

Chorus:

JUDGEMENT!  
Feel the wrath, feel the might  
JUDGEMENT!  
Now bow down and fight!
