All My brothers, who hold the overwhelming truth
I hold you so close to my heart
Your love means the world to me.

I hold you so close to my heart
You're glowing with support and perseverance
A fortress for the fallen and encouragement for the
weak

The years have become pleasant and full of Joy
Pleasant and full of Joy

Then the world becomes confusing
Grey skies gather and all my vision disappears
THROWN TO THE WOLVES WITHOUT A BLADE
To defend myself now you're not by my side

Clouds and shadows
Clouds casting shadows
The picture has become unclear
Restraining the truth from my knowledge
So far from my hands

Snakes biting at my heals
Where is my escape?
Snakes biting at my heals
Why can't I see the light

Pleading for help
Open my eyes

So clearly it seems

You stood firm and I drifted away

Clouds and shadows
Clouds casting shadows
The picture has become unclear
Restraining the truth from my knowledge
So far from my hands
