Look me in the eyes, you can't  
Selfish, selfish, you can't swear I ever crossed your  
mind  
While making promises to some other guy  
And if I go, I'll wait for you then  
On the other side of the dark waters,  
The dark waters!

You will never be okay with ,  
I'm losing you  
I still see you sparking here  
You set my fire on fire again and again  
I still see you sparking here  
I'll , till the end  
And I wrote this song, to make me forget  
What I said to you  
I still see you sparking here  
I guess I'm not over you  
I guess I'm not over you  
Whoa,

I guess my life seems so unplanned  
Making officials without a description, with nothing to  
show  
Since when have I been so longing?  
And if I go, I'll wait for you then  
On the other side of the dark waters,  
The dark waters!

You will never be okay with ,  
I'm losing you  
I still see you sparking here  
You set my fire on fire again and again  
I still see you sparking here  
I'll , till the end  
And I wrote this song, to make me forget  
What I said to you  
I still see you sparking here  
I guess I'm not over you  
I guess I'm not over you

She makes my mind turn on and on and on  
,faster, on and on and on and on  
There's nothing I can do, except walk like a fool  
She makes my mind turn on and on and on  
I still see you sparking here  
I still see you sparking here  
Guess I'm not over you

I still see you sparking here  
You set my fire on fire again and again  
I still see you sparking here  
I'll , till the end  
And I wrote this song, to make me forget  
What I said to you  
I still see you sparking here  
I guess I'm not over you  
I guess I'm not over you.
