I am in motion, I am blue  
Love is an ocean  
I'm anchored in you

And I am a dreamer  
So you sent me away  
Sometimes we dreamers  
Just get in the way

But I've always known  
Since I was a child  
That the road is my home  
And my spirit is wild

And I have my memories  
And I've got lots of time  
And I'm stoned in San Francisco  
With you on my mind

Hmm ohh  
Ooh ooh

And I have my memories  
And I've got lots of time and  
And I'm stoned in San Francisco  
With you on my mind  
I said, I'm stoned in San Francisco

I am in motion, I am blue  
Love is an ocean  
I'm anchored in you  
Love is an ocean
