I just want to light you up  
Light you up  
Like a fire  
I just want to turn you on  
Turn you on  
And take you higher

Everybody wants a flat screen  
Everybody wanna be seen  
Everybody wanna be famous  
Ain't nobody gonna blame us  
Everybody wants the real deal  
Everybody wants to cop a good feel  
Everybody want more money  
Everybody wants a taste of your honey

I just want to light you up  
Light you up  
Like a fire  
I just want to turn you on  
Turn you on  
And take you higher

Everybody wants to pick at your guitar  
Everybody want to ride in your fast car  
Everybody wants a puff of your pipe dream

Everybody want a lick of your ice cream  
The preacher wanna tell you how to live life  
Your momma and your daddy got you uptight  
Your lover gonna go and pick another fight  
I just wanna keep you up all night

I just want to light you up  
Light you up  
Like a fire  
I just want to turn you on  
Turn you on  
And take you higher

Yeah this old world can bring you down  
And turn your smile into a frown

Break your heart and make you sad  
Drive you stark raving mad

I just want to light you up  
Light you up  
Like a fire  
I just want to turn you on  
Turn you on  
And take you higher  
(repeat 1x)
