She never loses  
And she never chooses

And I don't know  
Which way is up  
I drink her down  
She fills my cup again, yeah

I'm always changin'  
While she's rearrangin'

And I can't tell you  
How I feel  
Except I know  
This love's for real, yeah, yeah

She gives me orders  
And she's tearin' down my borders

And I don't know  
Which way is up  
I drink her down  
She fills my cup again

And I don't know  
Which way is up  
I, I drink her down  
She fills my cup again

She
