Be good to you
Take care of you
Shake loose of those self-help blues
You gotta lot of livin' to do
Can't be givin' up on you
Sometimes the stars or the moon gonna play a trick on
you
And I will try to believe what you tell me
And I will try to be true to my self
Cause I'm as free as I ever will be
So don't be tryin' so hard
Don't be feelin' discarded
Just feel that love surround
Cause there's a whole lot there
A whole lot waitin' to be shared
There's still enough to go around
And I will try to believe what you tell me
And I will try to be true to myself
Caues I'm as free as I ever will be
But where do I begin
Is there God within
Sometimes I'm not so sure
So won't you teach to me
But keep it simple please
Would you help a friend who's feeling low
Would you help a friend who's feeling low...
