Well, I'm a plain country boy and I work on a farm  
I mind my own business, don't do no harm  
The time rolls around and it's Saturday  
I'm gonna Cadillac the town in my Model "A"  
I'm gonna Cadillac the town in my Model "A"

I'm gonna drive down that old Main Street  
While them four cylinders is a-settin' the beat  
The people will look and I'll hear 'em say  
Listen to the Cadillac in Model "A"  
Listen to the Cadillac in Model "A"

Well, I'm gonna pick up my sweet-sweet-sweet  
We'll go honky tonkin' at the county seat  
And we're gonna dance till the break of day  
Then Cadillac home in my Model "A"  
We're gonna Cadillac home in my Model "A"

On the way home I'm gonna stop and park  
I know that we're gonna wanna spark  
Now we'll make love, set our wedding day  
And Cadillac to the altar in my Model "A"  
Cadillac to the altar in my Model "A"
