There's something in your eyes
Is everything al right?
You look up to the sky
You long for something more, Darlin'
Give me your right hand
I think I understand, follow me
And you will never have to wish again

I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight
You don't have to look up at the stars
And I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars
No no no no no no no no...

Tell me how you feel
And if I'm getting near
I'll tell you where to steer
You tell me where to steer, D-D-D-Darlin'
Way above the clouds
And high above the stars
Through the unknown black holes
Noone knows where we are
But we'll return to earth
And do it all over again

Cause I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight

You don't have to look up at the stars
And I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars

Now come away with me
Come fly away with me
Just for one night
Noone will ever know
No no no, Darlin'
I will leave you satisfied
Forever past time
You don't have to hide
Your free to fly

I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight
You don't have to look up at the stars
And I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars
Said I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight
You don't have to look up at the stars
And I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You'll be looking down upon them
From heaven yeah yeah
Oh no no, oh na na na na na na
Yeah yeah ooh na na na-oh
