"Jesus Still In Control"

Visit "[Jesus Still In Control](#)" on MotoLyrics.com

In case your situation has turned upside down
Abd all that's important is about to fall on the ground
Don't you worry, Jesus will bring back everything for His
Own

Chorus
Jesus still in control
Jesus is the master of this world
So in spite of the situation
All over the nation
Jesus is still in control

His blood was she'd on Calvary, I know it's still the
same
And He still has the power to heal your sick and pain
Just believe when you call on His name

What Jesus has done for others so many years ago
He still can do today for you
Just pray with faith believing
And He will change every circumstance you are going
through
