Sometimes you hide from me
You hide away from it all
You try but keep falling
Hold tight, I want you to know that

Even when you feel alone
And it's like you can't go on
You just gotta be strong

Like a star you've got to keep on shining
You've got to be who you are
I don't care what they're thinking
Cause they don't mean nothing at all

Who knows what's out there for you
Who knows what path you will take
Oh you just got to try to find
The will inside to keep on trying
Cause you know
You'll make it someday and

Even when you feel alone
And it's like you can't go on
You just gotta be strong

Like a star you've got to keep on shining
You've got to be who you are
I don't care what they're thinking
Cause they don't mean nothing at all

You tell me you don't care
Well that means I don't either
Don't give up don't give up don't give up when it hurts
You're left a broken shell
Unspoken words hurt deeper
Don't give up don't give up don't give up

Like a star you gotta keep on shining
You've got to be who you are
I don't care what they're thinking
Cause they don't mean nothing at all

You got to hold on
You got to be strong
You got to shine on
