Hey baby, I like your lips
Hey baby, I like your hands
Hey, I feel lucky tonite
I'm gonna get stoned and run around

Last night I was down in the lab
Talking to Dracula and his crew
Well, I don't need no heavy trips
I just do what I want to do

We're havin' fun, yeah,
We're having fun, sure, we're having fun
Baby, baby, we like your lips
And baby, baby, we like your hands

Hey everybody, we want in
We want some, we want some
Baby, baby, we like your lips
And baby, baby, we like your hands

Yeah, I don't need no heavy trips
I just do what I want to do

Havin' fun, oh yeah,
We're havin' fun, we're havin' fun
Real fun
