"Take Another Look"

Shadows falling on my day
And time is standing still
You see things in a different way
The way that no one will

They're gonna take the very thing
That's closest to your heart
You cannot mend your broken wing
I knew it from the start
So tell me

Don't you wanna take another look away?
Don't you wanna play the whole thing down?
Don't you wanna take another look away?
Don't you wanna take a look around?

When rivers roll into the sea
And clouds are breaking high
You can find tranquility
River, it may hide

You play the game and now it's time
To keep the fire low
[Incomprehensible] rolling by
We have no place to go
So tell me

Don't you wanna take another look away?
Don't you wanna play the whole thing down?
Don't you wanna take another look away?
Baby, you could turn it all around?

Your eyes are dim, your heart is blue
'Cause nothing ever lasts
It's all too many miles to you
The best of friends must pass
So tell me

Don't you wanna take another look away?
Don't you wanna play the whole thing down?
Don't you wanna take another look away?

Maybe have another go around?
