"Wake Me Up"

Wake me up in the middle of the flight
Show me which way to go
Where the wind won't blow

Swing me up sweet purple June
Hold me like I'm a child
That's about to go wild

I'd like to know just where you've been
If you would like to try again
I'd like to slow this spin I'm in
Would you like it to begin?

Silver sunbeam tease my eyes
I am too satisfied with your other side
Roll me up and drop me back down
Lay me back in New York town

That's where I like to be found
I'd like to know just where you've been
If you would like to try again
I'd like to slow this spin I'm in
Would you like it to begin?

Roll me up and drop me back down
Lay me back in New York town
That's where I like to be found
