I've been dere, I've done that  
Went through hell, ain't going back  
Can't you tell, ain't no toppin me

But I'm here now, ain't no stoppin me  
Hello, ain't no stoppin me

My way one day I'm on it  
Looking in the mirro as I face my opponent  
Me, before or after, trapper or rapper  
It really don't matter  
And now I'll show you how to win the battle  
You might overcook it if you really ain't careful  
30 for a whole, niggas stay in the rap up  
30 for a show if you wanna see the rapper  
I heard they said shawty made, yeah I've been rich  
Stay the same cause I've been dere, done this  
You niggas thank you ballin, but they know  
I'm a blow a hunned thousand
