Verse

Mi casa su casa partna
Mi casa so full of rahstas
More ganja then reefer farmers
You can see me with binoculars
White girl wit me cindy lauper
Multi deep like frank sanotra
Gave 10 birds to waka flocka
Told him drop em more den floza
Whoozy like the morning after try me then yo skull get
fractured
Ransom yo lil hansom son

So sad yo that first daughter captured
Gucci hot as boiling water
My pack just came cross the border
Yo girlfriends a major snoter
But dat bitch aint worth a quarter
Don't give that anotha thoughta
If you serve me and you shorta
Once a half a eighth a quarter
Send my goons to do the slaughter
Hustle hard got from my father

Take no shit got from my mother
Never snitched and never will
I put dat on my baby brother
