Girls, let's twist!  
Well, now you twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
You shake a little bit, you twist a little bit  
That's how you do the Arkansas twist  
Well, you oughta see my little sis'  
When she does the Arkansas twist  
Around and around and a up and down  
I tell you folks, this dance is sound  
Let's do it, oh let's do it  
Well, now you twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
You shake a little bit, you twist a little bit  
That's how you do the Arkansas twist  
Let's go!

Well, now you oughta see my mom and pa  
Doin' the twist in Arkansas  
Ma goes up, my pa comes down  
They're all goin' around and around  
They're doin' it, yeah they're doin' it  
Well, now you twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
Twist and you twist and you do it like this  
You shake a little bit, you twist a little bit  
That's how you do the Arkansas twist  
Let's go!
