Godspeed, Godspeed  
Forgive a sweet soul a desperate deed  
His was a prison and he was freed  
Godspeed, Godspeed  
God bless, God bless  
What's born out of sorrow or out of distress  
Speculation is anyone's guess  
God bless, God bless  
God only knows what takes a petal from the rose  
What makes the dark rivers overflow  
What makes a lifetime come and go  
But God damn, God damn  
You put your hand in the hand of the man  
Must have believed he would understand  
Forgive a sweet soul a desperate deed  
Godspeed, Godspeed  
God only knows what takes a petal from the rose  
What makes the dark rivers overflow  
What makes a lifetime come and go  
God damn, God damn  
You put your hand in the hand of the man  
Must have believed he would understand  
Forgive a sweet soul a desperate deed  
Godspeed, Godspeed  
Godspeed
