In a way, you can't blame me
I'm just living up to what's been said
Figures it would be your best friend
I would take with me to my bed
Just wanted to get your attention
Wanted you to see me clear
Sorry I forgot to mention
I'm no lady, I am Guenivere
Sorry but I can't help myself
So I can't help you
I'm always searching
For something new
It's in my nature to be untrue
In a way I can't blame you
For working so hard to make me make sense
You had no armour
And we all know that love
Is the worst defense
Sorry but I can't help myself
So I can't help you
I'm always searching
For something new
It's in my nature to be untrue
To be untrue ...
It wasn't just you, it wasn't just this
Maybe I'm looking for something that just don't exist
It wasn't just you, it wasn't just here
I'm not lady, I am Guenivere
I can't help myself
So I can't help you
I'm always searching
For something new
It's in my nature to be untrue
