Open baby you've left me  
Oh and now I'm shattered into a million pieces  
Can't stop looking over my shoulder  
Just incase you realize just how much you want this

The longer the sweeter baby don't stop  
its ok coz I'm down for you  
not gunna stop till you tell me to  
I'm into you like a bad ass dude

tell me how did this happen  
I'll never know now what to do-ooo oh oh oh

I've never felt like this before  
Can't say that you don't make me hot  
All I want is summa what you got babe

I've never felt like this before  
I'm loving every minute of it don't stop  
You are all I ever want

Empty standing where you've left me  
Cold boy now I'm frozen  
By a kiss from your lips

Your heart tells me that your open  
Melted by the answer  
I've been waiting to hear

Now that you told me boy I cant stop  
In a flash I'm all over you  
I couldn't stop if you told me to  
I'm into you like a bad ass dude

tell me how did this happen  
I'll never know now what to do-ooo oh oh oh

I've never felt like this before  
Can't say that you don't make me hot  
All I want is summa what you got babe

I've never felt like this before

Iâ€™m loving every minute of it donâ€™t stop  
You are all I ever want

Canâ€™t hold this down or be cool  
Not playing my heart can I fly  
Iâ€™m feeling you (feeling you feeling you)

So I just get down to the truth  
Canâ€™t nobody do to me baby like you do ( you do you  
do-ooo)

Iâ€™ve never felt like this before  
Canâ€™t say that you donâ€™t make me hot  
All I want is summa what you got babe

Iâ€™ve never felt like this before  
Iâ€™m loving every minute of it donâ€™t stop  
You are all I ever want

Iâ€™ve never felt like this before.....
