Refrain:

Can you feel it

Can you feel it

What it means to hold a hand

I've been around the world

Can you feel it

Can you feel it

What it means to have a friend

I've been around the world

Refrain B:

If you need a hand, you can find a friend

In every nation, of this world

If you need a hand, you can find a friend

In every nation, of this world

Rap 1:

I've been around the world, saw the desert and the  
rainbow

I go for the show, from the sand to the snow

Moskau to Manila, Milano to Beijng

Caracas to Capetown and back to Montreal

Stop running everyday from the pain, say no go

Driving you insane, no shame that you want let show  
Call my name, I feel the same when you have sorrow  
Grow let it go, there will always be a tomorrow

Rap 2:

All around the world, when you need a friend  
I'll be there, anywhere, don't care, with a helping hand  
Understand one another till the end  
I swear, I'm fair, I care, always gonna be there  
Black, white, yellow, no matter if you're young or old  
All for one, one for all, that's what my mother told me  
Different colours and faces, find the trace  
To your base embrace this human race  
Life, will flow like a waterfall

I've been around the world saw the desert and the  
rainbow

Rap 3:

I've been around the world, saw the desert and the  
rainbow  
I go for the show, from the sand to the snow  
From New York to Paris, Sao Paulo to London  
Sidney to Munich and back to Jakarta  
Huge and unvorgetable China  
People so open much more as I expected  
Invincible pleasure in Brasil, Samba  
Fond of life, there was no time to chill  
I've been around the world a thousand times for sure  
Could be more explore before you walk through that
