There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

The way that I live has a big big price

Sometimes I'm nice sometimes I'm ice cold

And then It's show

I started to dance so don't you know

I'm getting down with the beat like I did in the past

Concentrate myself and I'm doing it fast

Here is the question are you ready to dance

When you hear my rap rhymes you will take your
chance

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

You think I'm a star I'm telling you're wrong

I just made my music and it makes me strong

For so many people beeing a star is a dream

When you see yourself acting and that's only a dream

You see your brother dancing like beeing a clown

Or beeing a king I mean a king without the crown

So now let me tell you just one more thing

You better do what you want and you start this thing

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

There is a party here we start it

Don't you know there is a party

There is a party here we start it

Don't you know this is for you

The way that I live has a big big price

Sometimes I'm nice sometimes I'm ice cold

And then It's show

I started to dance so don't you know

I'm getting down with the beat like I did in the past

Concentrate myself and I'm doing it fast

Here is the question are you ready to dance

When you hear my rap rhymes you will take your

There is a party

Don't you know today there is a party

Open up your heart we're gonna start it

Welcome at the beach this is for you just for you

Welcome at the beach this is for you just for you
