Refrain:

Where is your love

Day and night I'm dreaming of you

And I wish my dream will come true

I need you, whatever I do

Tell me where,

Where is your love

Day and night I'm dreaming of you

And I wish my dream will come true

I need you, whatever I do

Tell me where, where is your love

Refrain B:

Where is your love ( 4x )

Bridge 1:

I - can't believe what you've done to me

Now you're free

How - could I fall for someone like you

So untrue

Bridge 2:

I - feel so lonely again since you're gone

I've been strong

I - thought forever that you would be mine

All the time

Rap 1:

I need you - but maybe it's too late

To turn back the clock, to say I will excuse myself,

I'm here to respect you

Touch you, feel you, that's what I want to

You are - my only temptation

One and one is two, I lost the vibration

Nine to nine, there is no sunshine

Without you my life has no colours and no time

Rap 2:

Walking - till the end of the road

For now and forever, I'll share your load

When you're next to me, I felt so strong

Seasons are changing, and now you're gone

Feels long - but it's the right time

Cuts like a knife, inside my mind

This is my sign - the real love of my life

Get out of my heart, I will survive

Rap 3:

You're so special - this is the right word

The more I think, the deeper it hurts

Love - no isolation

Think about togetherness, is my imagination

Temptation, now you're far away

Come back and stay, share my day

Heart's still bleeding, mind is outta control

You touched my mind, my body and my soul
