"Here's To It"

Visit "[Here's To It](#)" on MotoLyrics.com

Looking for danger
Hot on my heels
Taking candy from strangers
Lick with them on wheels

I aint got no time
For making batches on a factory line
I can't forget
What my grandma says

She said here's to it, do it again
You'll never get to it, do it again
Here's to it, do it again
You'll never get to it, to do it again

It's never too late
I aint that naive
Like a bull at a foam gate
Gonna take my leave

You know it aint no use
For living like you're doing loose
I can't forget
What my grandma said

She said here's to it, do it again
You'll never get to it, do it again
Here's to it, do it again
You'll never get to it, to do it again

Here's to it, do it again
You'll never get to it, do it again
Here's to it, do it again
You'll never get to it, to do it again, c'mon
