Stepping out in the city  
Been such a long long time  
And then I see her and I think to myself  
Oh she's looking so damn fine

Wonder if she still remembers  
She's got that look on her face  
Too late to stay she's picked up her keys  
And she's driving back to her place

I never ever wanna make you mad  
I'll give you something of the best that I've never had  
Don't wanna talk baby that's just fine  
Well baby, baby, baby, do it one more time  
I said do it one more time

You get back to her place  
She's lying on her bed  
She wants it with the lights on  
Bring it that's what I said

Down with every boy in town  
Ooh I guess I'm just like the rest  
Well baby say you keep putting me down  
Girl you're bringing out my best

I never ever wanna make you mad  
I'll give you something of the best that I've never had  
Don't wanna talk baby that's just fine  
Well baby, baby, baby, do it one more time  
I said do it one more time
