I Don't Want To Know About It

I don't want to know about it  
Cause I don't really seem to know just  
How to go about it  
Feel things you might leave

I don't want to hear about you  
Cause I still must admit  
There are some things I find  
I hear about you and I'm so afraid  
You might leave

I don't want to know about it  
I don't want to hear no more  
There's nothing here to keep you  
So keep walking out the door  
I don't want to know about it  
Keep your secrets to yourself if you must  
I don't need no one to follow  
Don't need no one to trust

You don't need to find excuses  
You can keep them to yourself  
You see I might refuse to believe you  
Well I guess that's what I deserve  
And I lye awake at night  
To work up the nerve  
To leave you

I don't want to know about it  
I don't want to hear no more  
There's nothing here to keep you  
So keep walking out the door  
I don't want to know about it  
Keep your secrets to yourself if you must  
I don't need no one to follow  
Don't need no one to trust

I don't want to know about it  
I don't want to hear no more

There's nothing here to keep you  
So keep walking out the door  
I don't want to know about it  
Keep your secrets to yourself if you must  
I don't need no one to follow  
Don't need no one to trust
