Listen to the rhythm of the falling rain
Telling me just what a fool I've been
I wish that it would go away and let me cry in vain
And let me be alone again

The only girl I care about has gone away
Looking for a brand-new start
But little does she know that when she left that day
Along with her she took my heart

Rain please tell me now does that seem fair
For her to steal my heart away when she don't care
I can't love another when my heart's somewhere far
away

The only girl I care about has gone away
Looking for a brand-new start
But little does she know that when she left that day
Along with her she took my heart

Rain won't you tell her that I love her so
Please as the sun has set her heart aglow
Rain in her heart and let the love we knew start to grow

Listen to the rhythm of the falling rain
Telling me just what a fool I've been
I wish that it would go away and let me cry in vain
And let me be alone again

Oh, listen to the falling rain
Pitter Patter Pitter Patter ohhhh...
