I Was Almost Where

I Could Hear Your Name

Without Falling Down To The Floor

I Didn't Think That I Cared Anymore

In My Head

You Were Dead

I Regret My

Fist Is Clenching, Body Tight

Can't Remember When, I Felt So Right

Broken Silence, It Rains And Pours

My Mind Is Racing, Right Out The Door

Through The Door. Anymore

When I Stop And Stare

I Can See Your Face

But I Can't Erase, Won't Let Go

And Why I'm Standing Here I Don't Know

I Wish You Well, F-you, I Wish You Hell

You Ran Your Mouth Until You Tripped And Fell

Now Your Voice Is Calling

Your Voice Is Calling, Your Voice Is Calling

I Hear Voices Calling

In My Head, You Were Dead  
I Regret My  
Fist Is Clenching, Body Tight.  
I Can't Remember When, I Felt So Right  
Broken Silence, It Rains And Pours  
My Mind Is Racing Right Out The Door  
Right Out The Door  
Anymore  
When I'm Hearing Voices  
When I'm Hearing Voices  
Voices  
Fist Is Clenching, Body Tight  
I Can't Remember When, I Felt So Right  
Broken Silence, It Rains And Pours  
My Mind Is Racing Right Out The Door  
Right Out The Door  
Anymore  
When I'm Hearing Voices  
When I'm Hearing Voices  
Voices
