"Stingray - Part II"

Visit "[Stingray - Part II](#)" on MotoLyrics.com

I've seen you on the streets a thousand times
Is it all out or nothing today yeah
See you shining under super skies
Or did you leave the garden this way?
If I take my time, I can roll down through this world
If I could get my turn
If I could ever learn
Not a lot to say, Oh yeah, Oh yeah, Oh yeah

I shook the stars from the sky once more
And i'll leave them all for yesterday
I have stolen the mystery
It's gonna come my way
Slipped it into a final gear
But it's holding back on you
Now i've got my turn
Know i'll never learn
Got a lot to say, Oh yeah
It's goin' round yeah
It's goin' round yeah

I can feel the engine runnin' fine
It's all out or nothing today, yeah
If it's the last machine in time
Then you'll be flying me out there
If we take our time, We can roll down through this world
We've got a lot to learn
We've got the fuel to burn
Had enough to say? Oh yeah
It's goin' round yeah
It's goin' round yeah
