I saw a flag wave  
In the Heavens over me  
I saw the Virgin  
For a moment I believed

You said you'd save me  
But I don't want to be saved  
I just want to be loved  
And to love always

I felt my lips move  
But the words they were not mine  
I heard you crying  
And for a moment I could see

You said you'd save me  
But I don't want to be saved  
I just want to be loved  
And to love always

And it's okay  
I know what's confusing me  
I know what I want to see  
And I know where I want to be

And an angel  
Was flying next to me  
No hesitation  
For a moment I was free

And you said you'd save me  
But I don't want to be saved  
No, I just want to be loved  
And to love always

I just want to be loved  
And to love always
