So there, you got me in your clutch again  
So there, so there I love your touch  
And that voodoo that you do so well  
It's got me spinning around and round it

So let me in your world  
Let me in your world for a while  
Let me in your world, so I can sing to you

Oh no, you got me going crazy for you baby, saying  
Oh no, you made me go insane for you baby

So there, you got me in your clutch again  
And this, this living is strange  
We count our feelings in yesterdays  
But is that how you keep your clutch baby?  
Is that how you keep it darlin'?

So let me in your world  
You let me in your world for a while  
Let me in your world so I, I can sing to you

Oh no, you got me going crazy for you baby  
Oh no, you made me go insane for you baby

Oh, oh, oh, oh, clutch again  
Oh, oh in your clutch again

Oh, oh no you got me going crazy for you baby  
Oh no you made me go insane for you baby  
Oh no you got me going crazy for you baby, saying  
Oh no you made me go insane for you baby

Oh whoa, oh whoa oh, oh whoa, oh no say  
Oh whoa, oh whoa, oh whoa, oh oh no

You got me, you got me in your clutch, you got me  
Saying, oh whoa, oh whoa, oh whoa, oh no, oh no
